

Meaningful Movies Olympia Presents
Free and open to the public

Food waste. Problem and solutions.

Documentary film shorts series
followed by community conversation

Thursday April 18 6:30 -8:30

**OUUC —Parking 2200 East End Street
Bus 41 Butler's Cove stop**

Today, 40% of the food produced enters landfills where it is expected to decompose. Approximately ¼ of water consumption and over 300 million barrels of oil used in producing and distributing food winds up in landfills.
We can do better!
